City of Clinton MISSOURI

AGENDA

Clinton City Council Regular Meeting
City Hall • 105 E. Ohio Street, Clinton, MO 64735
Tuesday, June 3, 2025 • 6:00 p.m.

1. **Call to Order**
2. **Roll Call**
3. **Pledge of Allegiance**
4. **Approval of Minutes:**
   a. Approval or correction of the minutes of the City Council Meeting of May 20, 2025.
5. **Personal Appearances:**
6. **Reports:** None.
7. **Second Reading of Previously Read Bills**: None.
8. **Committee Reports:**
   a. **Public Works Committee Report:**
      1. **Park & Recreation**
         a. Request to use Hurt Park: Tabled to address questions about the set-up for the event.
         b. Artesian Pool Update: Pool is ready to go, must have warmer water in order to open.
         c. Soccer complex concession stand: City will get quote to demo and reconstruct building, then submit to drivers' insurance company.
         d. Antioch Hills Urban Trail: An additional 4 pipes have been installed with headwall poured. Phase 1 grant funds of $30,000 received. Phase 2 request has been submitted.
      2. **Street Department**
         a. Olde Glory Days Parade: Recommend approval, 2-0.
         b. Water Street Bridge: CJW fee proposal for design: Recommend approval, 2-0.

            Resolution No. 12-2025 - A Resolution of the City Council of Clinton, Missouri approving an agreement between the City of Clinton (CITY) and CJW Transportation Consultants, LLC (CJW) for Design and Bid Services for the Water Street Bridge Project.
         c. IMS Pavement Analysis quotes
            - Streets: Initial quote is firm.
            - Alternate quote for parking lots: Tabled to get quotes for parking lot.
         d. Street Repairs: Rain has delayed the start of several projects.
         e. Dump Truck Update: Truck should be back in service by 5/30.

3. **Waste Water**

   a. West Sludge Basin Aerator Replacement: Repair of motor not significantly lower than purchase of new motor. Quotes: Independent Electric, $16,971; Komline, $12,695. Recommend purchase of Komline pump, 2-0.

   b. April Operations Report: Discussed impact of excessive rain on WWTP operations. DNR inspection identified need to revise a testing process that entails overnight drying. DNR inspection took 3 hours instead of the allotted 8 hours due to organized record system.

   c. WWTP Upgrade Update: Electrical work proceeding.

   d. Polymer: The lower cost polymer, $1.69/lb, is not providing the desired results. Will need to use Brenntag polymer at $2.95/lb.

b. **Public Safety Committee Report:**

   1. Fire Department proposal for the sale and discharge of fireworks within the City of Clinton.
   2. Police Department Resignation
   3. Request from Big Brothers Big Sisters to Close the Clinton Square for Half Marathon and 5K

c. **Finance Committee Report**: None.

9. **Mayor's Report**
10. **City Administrator's Report**
11. **Unfinished Business**:

    a. Review Draft #2 of Revised Alcohol and Substance Abuse Policy for City Employees (will be sent out our before the meeting.)

12. **New Business:**

    a. Request from Dr. Laine Shay, Associate Professor, Political Science at Texas A&M-Corpus Christi, to have a faculty practicum experience with the City of Clinton during the summer. Dr. Shay is a 2007 CHS graduate.

13. **Adjournment**

Additional items provided in the Council Packet:

Upcoming Council Budget Work Session Meeting Agenda

Individuals desiring to speak at the meeting are asked to fill out a speaker card and submit it to the Clerk prior to the call to order. Speakers are respectfully asked to limit their comments to three (3) minutes or less. Speakers will be called on to speak during the appropriate portion of the meeting. Please address your comments to the Mayor/Chairman. If you require accommodation (i.e. qualified interpreter, large print, and/or hearing assistance) please notify this office at (660-885-6121) no later than forty-eight hours prior to the scheduled commencement of the meeting.

City of Clinton MISSOURI

OPEN CITY COUNCIL MEETING MINUTES

City Hall – 105 E. Ohio Street, Clinton, MO 64735
Tuesday, May 20, 2025 • 6:00 p.m.

The City Council of the City of Clinton, Missouri met Tuesday, May 20, 2025. Mayor Carla Moberly presided.

1. **Call to Order**: Mayor Carla Moberly called the meeting to order.
2. **Roll Call**:

   Council Persons:

   Present: Gene Henry, Rob Hills, Roger House, Cameron Jackson, Austin Jones, Gary Mount and Greg Shannon

   Absent: Stacia Wilson

   Others Present:

   City Administrator Christy Maggi, City Clerk Wendee Seaton, City Clerk Designee Mary Riffle, City Attorney Adam Sommer, Fire Chief Mark Manuel, Deputy Police Chief John Scott, Alliance Water Representatives
3. **Pledge of Allegiance**: Was recited.
4. **Approval of Minutes:** Council Person House made a motion to approve the minutes of the Open City Council Meeting of May 6, 2025. Council Person Mount duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.
5. **Personal Appearances:**
   a. Mike Benner of Pavement Management: Asked the Council to postpone finalizing the approval of the micro surfacing contract with Vance Brothers to allow time to review Pavement Management references and to reconsider their lower bid. Mr. Benner provided references to the Council and staff.
6. **Reports:**
   a. David Lee - Chamber of Commerce provided an update on Chamber events: Olde Glory Days is coming up soon; new chamber members, grand openings, anniversaries and upcoming events.
7. **Second Reading of Previously Read Bills**: None.
8. **Committee Reports:**
   a. **Public Works Committee Report**: *Council Person House gave the following committee report:*
      1. **Elect Committee Chair:** Motion by Rob Hills to elect Roger House as Chair. Motion carried, 2-0
      2. **Community Development:**
         a. April Building Report: Information only.
         b. ATS Facility Disposition Proposal from Federal Transportation Administration: City staff has requested that FTA consider an alternate buy-out proposal.
         c. Condemnation update: 402 E. Jefferson and 411 E. Oak: Contractor is waiting for Empire Gas to cap the gas service lines at each location.

3. **Park & Recreation**

   a. Soccer Field Concession Stand: A contractor has evaluated the building. City will be in contact with the driver's insurance company to request that an adjuster view the building. For information only.

   b. Artesian Pool Update: For information only.

      - Pool Wall: Cracks in the interior finish were noted approx. 2 weeks ago. Mid-America Pools (MAP) responded with warranty work. Some hairline cracks remain. MAP has confirmed that the pool can be used. MAP will return at the end of the swimming season to repair the hairline cracks.
      - Electrical: The new 3-phase electrical line has been installed.
      - Chemicals: Chemicals were to be delivered on Monday (5/12), but the vendor was unable to complete the delivery due to the size of the delivery truck. Chemicals to be delivered on Wednesday (5/14)
      - Celebration for completion of all 3 phases of improvements to be held soon. There have been issues with a pump and bearings.

   c. Antioch Park ADA Sidewalk: Excessive rains washed out the ground under a portion of the new ADA sidewalk. Staff is making arrangements to install additional drainage pipes and a headwall on the influent side. The additional expense will be paid through the grant funds.

   d. Consider accepting donation of approximately ¼ acre of property abutting Marigold Drive: Recommend, 2-0, for the City have the property surveyed to develop a legal description of the property to be donated to the City. COUNCIL: Council Person House made a motion to have the property surveyed. Council Person Mount duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

4. **Street Department**

   a. Bridge Inspection Results: Reviewed MoDOT bridge inspection report. Recommend, 2-0, that staff obtain a quote from CJW for design services for the reconstruction of Water Street bridge. COUNCIL: Council Person House made a motion to have staff obtain a quote from CJW. Council Person Henry duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

   b. Street cut update: TJ reported. For information only.

      - Three HCWC cuts were repaired yesterday (5/12) and three others were ready for concrete this morning (5/13). There are three cuts still open but will be done next week.
      - Two cuts at the intersection of Hillcrest Drive and OakStar Drive originated with street repairs made by the Street Dept. At one of the cuts, a small section was left open for a contractor to make a sewer connection. Contractor is responsible for final repair. At the other cut, a section was left open to allow BrightSpeed to repair a service line. City is responsible for final repair on this one. TJ will follow up on both of these to get them completed.

   c. Pavement management plan: PWC discussed the pavement analysis program offered by IMS and reviewed the report produced by IMS for the City of Branson. Since the Micro Seal and Overlay projects came in a total of $59,926.79 under budget, PWC recommends, 2-0, that the remaining funds be allocated for pavement analysis. COUNCIL: Council Person House made a

motion to have the pavement analysis done. Council Person Hills duly seconded the motion. Discussion was held on whether further analysis will be needed in five years. A five-year plan will be provided. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

5. **Wastewater:** For Information Only.
   a. Stoneridge Sewer Line Project report: Information only.
   b. East Sludge Basin: Aerator failed. An aerator has been moved from the west sludge basin, for temporary use, while the east basin is being emptied in preparation for repairs for the WWTP Improvement Project.
   c. Triton Aerator/Mixer: Both Triton aerators are now running. AWR will make arrangements to construct a "bump-out" in the basin to protect some I-beams.
   d. Montgomery Lift Station: Installation of the new control panel should be completed today (5/13). A spare VFD from Calvird P/S will be installed at Montgomery P/S.
   e. Repair and Chemical Expense: Repair costs at 75% and chemical costs at 73%, year to date. Discussion on it being paid out of the end of year budget.
   f. USACE Memorandum of Agreement signed by all parties. An RFP will be prepared for the archaeological process. Info only.
6. **Transfer Station Updates:** PWC reviewed cost estimates for repairing the roof, metal sides and reconstruction of the office. TJ will solicit another quote for the project. An add is running to get more quotes.

b. **Public Safety Committee Report**: *Council Person Jones gave the following committee report:*
Present at meeting: Council Person Jones and Shannon, Fire Chief Mark Manuel, Deputy Police Chief John Scott and Sergeant Hodges.

1. Vehicle Maintenance Discussion: Currently the vehicles are taken to the dealer for repairs. Request to get quotes from all automotive repair options. A policy will be developed and brought back to Council for review.
2. Request from Clinton Firefighters' Association regarding OGD Pancake Breakfast. Discussion was held on if this needs to be an annual approval. An agreement needs to be made between the City and the Fire Department. COUNCIL: Council Person Jones made a motion to approve the request to have the OGD Pancake Breakfast. Council Person Hills duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

c. **Finance Committee Report**: *Council Person Henry gave the following committee report:*
Present at meeting: Council Person Henry and Mount, Mayor Carla Moberly, City Administrator Christy Maggi, City Clerk Wendee Seaton, City Clerk Designee Mary Riffle, Council Person House.

1. Elect Committee Chair: Gene Henry was elected. 3/0.
2. April financials: Items on the financial report were reviewed for clarification.

9. **Mayor's Report**
   a. Wal-Mart had their remodel grand opening.
   b. Share and Care had their grand opening at their new location on Price Lane.
   c. Fox 4 ZipTrip will be in town to feature Clinton on May 30 and highlight many local amenities.

10. **City Administrator's Report:**

    a. Utilizing contract mowing on 5/21 and/or 5/22 to assist with preparing the cemetery for Memorial Day. The large flags will be going out on Friday.

11. **Unfinished Business:**

    a. Vance Brothers Agreement for Street Improvement Project

    Resolution No. 10-2025 - A Resolution of the City Council of Clinton, Missouri approving an agreement between the City of Clinton and Vance Brothers, LLC., for a street improvement project.

    Council Person House made a motion to approve Resolution No. 10-2025. Council Person Jackson duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

    b. Capital Paving Agreement for Street Improvement Project

    Resolution No. 11-2025 - A Resolution of the City Council of Clinton, Missouri approving an agreement between the City of Clinton and Capital Paving & Construction, LLC., for a street improvement project.

    Council Person House made a motion to approve Resolution No. 11-2025. Council Person Jackson duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. Mayor Carla Moberly declared the motion passed.

12. **New Business:**

    a. Review Draft of Revised Alcohol and Substance Abuse Policy for City Employees: Discussion was held on the information provided and it was reviewed. Any suggestions for changes can be sent to the City Attorney.

    b. The Transfer Station is back up and running. Additional days were given for the clean-up week: May 28-31.

13. **Adjournment:** With no further business, Council Person Jackson made a motion to adjourn. Council Person Mount duly seconded the motion. 7 Ayes; 0 Nays; 1 Absent. At 7:03 pm, Mayor Carla Moberly declared the motion passed and adjourned the meeting.

3. **Waste Water**
   a. West Sludge Basin Aerator Replacement: Repair of motor not significantly lower than purchase of new motor. Quotes: Independent Electric, $16,971; Komline, $12,695. Recommend purchase of Komline pump, 2-0.
   b. April Operations Report: Discussed impact of excessive rain on WWTP operations. DNR inspection identified need to revise a testing process that entails overnight drying. DNR inspection took 3 hours instead of the allotted 8 hours due to organized record system.
   c. WWTP Upgrade Update: Electrical work proceeding.
   d. Polymer: The lower cost polymer, $1.69/lb, is not providing the desired results. Will need to use Brentag polymer at $2.95/lb.

City of Clinton Tent Revival Letter

Exodus Ministry

We would like to hold a 4 day tent revival at Hurt Park in Clinton Mo. At this event there will be praying, singing, and preaching each night. We have a 20x40 tent. We would like to set up Wednesday July 16th starting about 6am this is usually a 8-12 hour process. We would then like to hold revival services 7pm nightly with praying, singing, and preaching each night, starting July 17th ending on July 20th. We then would take down the tent starting at about 6am July 21st this is usually a 5-8 hour process. We use "T" post driven 18 inches to 24inches deep to anchor our tent. We send in locate request no sooner than the Wednesday before the set up day and no later than Thursday before the set up day to insure proper time for all responsible parties to respond. We also get event insuracnce for each event and upon request can provide a COI if you would like.

My background is city water systems with the city of Osage Beach Mo. So we avoid underground utilities as much as possible. We also are willing to work with the city on tent placement and the like to try to stay out of your way as much as possible. We look forward to the opportunity to work with you in the future.

2025 Olde Glory Days Parade on SATURDAY, JULY 5th

Parade Route: starts at Clinton and 2nd...heads north to Jefferson...turns on Jefferson and heads to the Square...goes around Square once and then heads off south down Main St.

It's time to prepare for the 2025 David Mills Grand Parade during Olde Glory Days! The theme this year is "American Made, the Clinton Way". All civic groups, organizations, churches, businesses, class reunions, families and others are invited to participate in the Grand Parade. The parade will begin at 10:00 a.m. on SATURDAY, JULY 5th.

Pre-registration is encouraged. You can call the Chamber office at 660-885-8166 for an entry form and guidelines. Parade officials will contact you when you are in line for the parade on Saturday morning to provide you an entry number and to obtain a short description of your entry.

Parade entries will line up east of Second Street, driving westbound on Clinton and Wilson Streets. Due to congestion and safety concerns, Clinton Street will be closed to all vehicles except parade entries.

If you are part of a large group/float, make sure you have a contact phone number of the float organizer on Saturday morning in order to meet your group at their location. Make arrangements in advance for young participants to be met at the parade entries. You will not be allowed to drive through the parade staging area looking for a specific parade entry. Parade officials will help as much as possible.

The parade has a few simple rules: safety is our top priority. Candy and promotional items must be distributed directly by walkers, not thrown from floats or vehicles; entries will drive at a safe and appropriate speed; participants will be careful and considerate of others.

If you have questions or need further information regarding the 2025 David Mills Grand Parade, call the Chamber office at 660-885-8166 or email or call parade chairperson; Jared Goodbrake jgoodbrake@hawthornbank.com 660-351-4988.

RESOLUTION NO. 12-2025

A RESOLUTION OF THE CITY COUNCIL OF CLINTON, MISSOURI APPROVING AN AGREEMENT BETWEEN THE CITY OF CLINTON (CITY) AND CJW TRANSPORTATION CONSULTANTS, LLC (CJW) FOR DESIGN AND BID SERVICES FOR THE WATER STREET BRIDGE PROJECT.

WHEREAS, City wishes to enter into an Agreement with CJW for professional design and bid services for the Water Street Bridge Project; and

WHEREAS, CJW is qualified to complete the project;

NOW THEREFORE BE IT HEREBY RESOLVED BY THE CITY COUNCIL OF CLINTON, MISSOURI AS FOLLOWS:

Section 1. The Agreement with CJW Transportation Consultants, LLC, not to exceed $68,722.00 (Exhibit A), is hereby approved.

Section 2. The City Administrator is hereby authorized to execute said Agreement on behalf of the City of Clinton.

Read and passed this _____day of _____, 2025.

RE: Engineering Fee Proposal – Water Street Bridge Improvement

CJW Transportation Consultants LLC has thoroughly reviewed your request and is pleased to provide a fee proposal for the above-mentioned Bridge Improvement Project. CJW is well-positioned to assist the City of Clinton with these improvements, having assisted the City of Clinton with the scoping phase and conceptual layout of similar projects.

We are pleased to submit the attached proposal and look forward to partnering with the City of Clinton in the construction of these improvements. If you have any questions or need additional information, please contact me at 417-889-3400 or at jwynn@gocjw.com. I have included an agreement, scope of services, fee proposal, certificate of insurance, and hourly rates.

Sincerely,

C. Jay Wynn, P.E.
Owner/CEO
CJW Transportation Consultants, LLC

SHORT FORM OF AGREEMENT BETWEEN OWNER AND ENGINEER FOR PROFESSIONAL SERVICES

THIS IS AN AGREEMENT effective as of _____ ("Effective Date") between

City of Clinton ("Owner")

and

CJW Transportation Consultants, LLC ("Engineer").

Owner's Project, of which Engineer's services under this Agreement are a part, is generally identified as follows:

Box Culvert Improvement Design ("Project").

Engineer's Services under this Agreement are generally identified as follows:

Task 1. **Meeting and Coordination** – CJW will work closely with staff and other stakeholders to maintain communication throughout the duration of the project including obtaining input, providing progress updates, and discussing relevant design and construction issues. CJW will provide coordination with key stakeholders such as reviewing agencies and other parties having an interest in the project. This task includes preparation of meeting agendas and preparation of minutes following the meeting. The following meetings are anticipated.

a. **Kickoff Meeting** – CJW will attend kickoff meeting with City of Clinton.
b. **Coordination Meeting** – CJW will schedule and attend a coordination meeting with City of Clinton to discuss the design project. It is anticipated that one coordination meeting will occur following City of Clinton 65% review and 95% review.

Task 2. **Data Acquisition** – CJW will acquire relevant background data from various sources including but not limited to the following items:

a. 1" = 100' aerial photography
b. 1" = 100' topographic maps
c. Utility maps for water, sewer, overhead electric, etc.
d. City of Clinton standard contract documents
e. City/MODOT Design details
f. Relevant GIS files
g. Other relevant background data as available

Task 3. **Topographic Survey** – CJW will perform topographic survey using in-house personnel and equipment. It is anticipated that the survey will include a complete ROW topo to approximately 300 feet either side of the Box Culvert along Water Street. The survey may include additional areas in and around the proposed structure. Relevant surface features will be surveyed horizontally and vertically. This includes above and below ground observed public and private utilities, trees, fences, etc. Public utility

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

structures will also be accessed and pipe sizes, invert elevations, flow directions, materials, etc. will be measured from the surface. property corners will also be referenced.

Task 4. Utility Coordination – CJW will list contacts from utility companies (telephone, gas, electric, cable, etc.). CJW will coordinate with the contacts to verify utility locations and depths. The task also includes coordination with the City of Clinton.

Task 5. Preliminary Plans – Data from the data acquisition, topographic survey, and utility coordination tasks will be downloaded and compiled into our AutoCAD based system to produce base plans of existing conditions. Profiles along anticipated alignments will also be produced. Base plan and profile sheets will be plotted (1 inch = 20 feet) and provided to City of Clinton and utility companies for review and verification of facilities.

Task 6. Geotechnical Analysis – It is anticipated that four soil borings at a depth of 15' will be taken within the project limits. Boring locations are planned to be within the road rights-of-way. Soil sampling will also be obtained. This task is included to prepare the PE certification needed to construct the project.

Task 7. Wetland Delineation – CJW will delineate wetlands downstream of the Box Culvert Improvement. This will include the area within the downstream and through the channel to approximately 500 feet. The purpose of the delineation will be to show that the indirect impacts of the replacement Box Culvert will not adversely impact the downstream wetlands.

Task 8. Hydrologic and Hydraulic Analysis – The required hydrologic/hydraulic analysis for this project is to illustrate a no rise condition. This task and analysis must be compiled into a report form and prepared by a professional engineer.

Task 9. 60% Plans, Specifications, and Estimates (PS & E) – This task includes the preparation of PS & E (60%) for the Box Culvert improvement. It is anticipated that plans will include the following:

a. Cover Sheet and Location Map
b. General Notes and Typical Sections
c. Summary of Quantities and Schedule of Quantities
d. Alignment, Ties, and Benchmarks
e. Traffic Control Plans and Details
f. Plan and Profile Sheets
g. Utility Plans
h. Storm Water Pollution Prevention Plans
i. Restoration Plans
j. Construction Details
k. Cost Estimate

This task includes the preparation of specifications and an engineer's opinion of probable construction cost. In conjunction with the submittal of the plan set the consultant will perform a value engineering to identify cost saving measures prior to developing the 95% plans.

Task 10. Permitting – CJW will work with the City of Clinton to obtain the permits needed to construct the project.

Task 11. Structural Design – CJW will provide structural design for the project consistent with the standard specifications and plan requirements of the City of Clinton or MoDOT.

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

Task 12. 100% Plans, Specifications and Estimates (PS & E) – This task includes the preparation of PS & E (100%) for the Box Culvert Project. It is anticipated that the plans will include the following sheets:

a. Cover Sheet and Location Map
b. General Notes and Typical Sections
c. Summary of Quantities and Schedule of Quantities
d. Alignment, Ties, and Benchmarks
e. Traffic Control Plans and Details
f. Plan and Profile Sheets
g. Utility Plans
h. Stormwater Pollution Prevention Plans
i. Restoration Plans
j. Construction Details
k. Cost Estimate

This task includes the preparation of specifications and final engineer's opinion of probable construction cost.

The request for environmental review (RER) provides the required NEPA compliance

information and NEPA classification for Local Public Agency (LPA) projects so the FHWA, or the

Missouri Department of Transportation (MoDOT) on behalf of the FHWA, can meet and

document a project's NEPA requirements.

Task 13. Environmental - This task includes preliminary preparation of the required NEPA documentation and information specifications.

Task 14. Bidding Assistance – It is anticipated that the project will be advertised for bid. Consultant will provide bidding assistance for the project. This work will include answering bidder questions, attendance at a pre-bid meeting, preparation of addenda as required, and recommendations for award of the construction contract.

PROJECT DELIVERABLES

All Plans, Specifications, Estimates, Alternate Evaluations and Calculations will be provided in .pdf format. All design work will be performed using the ACAD DWG drawing platform and supplemented with Microsoft Office Programs.

See detailed task breakout of services & exhibits for Construction Inspection and Material Testing Services

Owner and Engineer further agree as follows:

1.01 *Basic Agreement and Period of Service*

A. Engineer shall provide, or cause to be provided, the services set forth in this Agreement. If authorized by Owner, or if required because of changes in the Project, Engineer shall furnish services in addition to those set forth above. Owner shall pay Engineer for its services as set forth in Paragraphs 7.01 and 7.02.

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

B. Engineer shall complete its services within a reasonable time.

2.01 *Payment Procedures*

A. *Invoices*: Engineer shall prepare invoices in accordance with its standard invoicing practices and submit the invoices to Owner on a monthly basis. Invoices are due and payable within 30 days of receipt. If Owner fails to make any payment due Engineer for services and expenses within 30 days after receipt of Engineer's invoice, then the amounts due Engineer will be increased at the rate of 1.0% per month (or the maximum rate of interest permitted by law, if less) from said thirtieth day. In addition, Engineer may, after giving seven days written notice to Owner, suspend services under this Agreement until Engineer has been paid in full all amounts due for services, expenses, and other related charges. Owner waives any and all claims against Engineer for any such suspension. Payments will be credited first to interest and then to principal.

3.01 *Termination*

A. The obligation to continue performance under this Agreement may be terminated:

1. For cause,

a. By either party upon 30 days written notice in the event of substantial failure by the other party to perform in accordance with the Agreement's terms through no fault of the terminating party. Failure to pay Engineer for its services is a substantial failure to perform and a basis for termination.

b. By Engineer:

1) upon seven days written notice if Owner demands that Engineer furnish or perform services contrary to Engineer's responsibilities as a licensed professional; or

2) upon seven days written notice if the Engineer's services for the Project are delayed for more than 90 days for reasons beyond Engineer's control.

Engineer shall have no liability to Owner on account of a termination by Engineer under Paragraph 3.01.A.1.b.

c. Notwithstanding the foregoing, this Agreement will not terminate as a result of a substantial failure under Paragraph 3.01.A.1.a if the party receiving such notice begins, within seven days of receipt of such notice, to correct its substantial failure to perform and proceeds diligently to cure such failure within no more than 30 days of receipt of notice; provided, however, that if and to the extent such substantial failure cannot be reasonably cured within such 30 day period, and if such party has diligently attempted to cure the same and thereafter continues diligently to cure the same, then the cure period provided for herein shall extend up to, but in no case more than, 60 days after the date of receipt of the notice.

2. For convenience, by Owner effective upon Engineer's receipt of written notice from Owner.

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

B. The terminating party under Paragraph 3.01.A may set the effective date of termination at a time up to 30 days later than otherwise provided to allow Engineer to complete tasks whose value would otherwise be lost, to prepare notes as to the status of completed and uncompleted tasks, and to assemble Project materials in orderly files.

C. In the event of any termination under Paragraph 3.01, Engineer will be entitled to invoice Owner and to receive full payment for all services performed or furnished in accordance with this Agreement and all reimbursable expenses incurred through the effective date of termination.

4.01 *Successors, Assigns, and Beneficiaries*

A. Owner and Engineer are hereby bound and the successors, executors, administrators, and legal representatives of Owner and Engineer (and to the extent permitted by Paragraph 4.01.B the assigns of Owner and Engineer) are hereby bound to the other party to this Agreement and to the successors, executors, administrators, and legal representatives (and said assigns) of such other party, in respect of all covenants, agreements, and obligations of this Agreement.

B. Neither Owner nor Engineer may assign, sublet, or transfer any rights under or interest (including, but without limitation, moneys that are due or may become due) in this Agreement without the written consent of the other, except to the extent that any assignment, subletting, or transfer is mandated or restricted by law. Unless specifically stated to the contrary in any written consent to an assignment, no assignment will release or discharge the assignor from any duty or responsibility under this Agreement.

C. Unless expressly provided otherwise, nothing in this Agreement shall be construed to create, impose, or give rise to any duty owed by Owner or Engineer to any contractor, subcontractor, supplier, other individual or entity, or to any surety for or employee of any of them. All duties and responsibilities undertaken pursuant to this Agreement will be for the sole and exclusive benefit of Owner and Engineer and not for the benefit of any other party.

5.01 *General Considerations*

A. The standard of care for all professional engineering and related services performed or furnished by Engineer under this Agreement will be the care and skill ordinarily used by members of the subject profession practicing under similar circumstances at the same time and in the same locality. Engineer makes no warranties, express or implied, under this Agreement or otherwise, in connection with Engineer's services. Subject to the foregoing standard of care, Engineer and its consultants may use or rely upon design elements and information ordinarily or customarily furnished by others, including, but not limited to, specialty contractors, manufacturers, suppliers, and the publishers of technical standards.

B. Engineer shall not at any time supervise, direct, control, or have authority over any contractor's work, nor shall Engineer have authority over or be responsible for the means, methods, techniques, sequences, or procedures of construction selected or used by any contractor, or the safety precautions and programs incident thereto, for security or safety at the Project site, nor for any failure of a contractor to comply with laws and regulations applicable to such contractor's furnishing and performing of its work.

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

C. This Agreement is to be governed by the law of the state or jurisdiction in which the Project is located.

D. Engineer neither guarantees the performance of any contractor nor assumes responsibility for any contractor's failure to furnish and perform its work in accordance with the contract between Owner and such contractor. Engineer is not responsible for variations between actual construction bids or costs and Engineer's opinions or estimates regarding construction costs.

E. Engineer shall not be responsible for the acts or omissions of any contractor, subcontractor, or supplier, or of any of their agents or employees or of any other persons (except Engineer's own employees) at the Project site or otherwise furnishing or performing any construction work; or for any decision made regarding the construction contract requirements, or any application, interpretation, or clarification of the construction contract other than those made by Engineer.

F. All documents prepared or furnished by Engineer are instruments of service, and Engineer retains an ownership and property interest (including the copyright and the right of reuse) in such documents, whether or not the Project is completed. Owner shall have a limited license to use the documents on the Project, extensions of the Project, and for related uses of the Owner, subject to receipt by Engineer of full payment for all services relating to preparation of the documents and subject to the following limitations: (1) Owner acknowledges that such documents are not intended or represented to be suitable for use on the Project unless completed by Engineer, or for use or reuse by Owner or others on extensions of the Project, on any other project, or for any other use or purpose, without written verification or adaptation by Engineer; (2) any such use or reuse, or any modification of the documents, without written verification, completion, or adaptation by Engineer, as appropriate for the specific purpose intended, will be at Owner's sole risk and without liability or legal exposure to Engineer or to its officers, directors, members, partners, agents, employees, and consultants; (3) Owner shall indemnify and hold harmless Engineer and its officers, directors, members, partners, agents, employees, and consultants from all claims, damages, losses, and expenses, including attorneys' fees, arising out of or resulting from any use, reuse, or modification of the documents without written verification, completion, or adaptation by Engineer; and (4) such limited license to Owner shall not create any rights in third parties.

G. To the fullest extent permitted by law, Owner and Engineer (1) waive against each other, and the other's employees, officers, directors, agents, insurers, partners, and consultants, any and all claims for or entitlement to indirect, or consequential damages arising out of, resulting from, or related to the Project, and (2) agree that Engineer's total liability to Owner under this Agreement shall be limited to Engineer's applicable limit of professional liability and applicable umbrella coverage.

H. The parties acknowledge that Engineer's scope of services does not include any services related to a Hazardous Environmental Condition (the presence of asbestos, PCBs, petroleum, hazardous substances or waste as defined by the Comprehensive Environmental Response, Compensation and Liability Act, 42 U.S.C. §§9601 et seq., or radioactive materials). If Engineer or any other party encounters a Hazardous Environmental Condition, Engineer may, at its option and without liability for consequential or any other damages, suspend performance of services on the portion of the Project affected thereby until Owner: (1) retains appropriate specialist consultants or contractors to identify and, as

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

appropriate, abate, remediate, or remove the Hazardous Environmental Condition; and (2) warrants that the Site is in full compliance with applicable Laws and Regulations.

I. Owner and Engineer agree to negotiate each dispute between them in good faith during the 30 days after notice of dispute. If negotiations are unsuccessful in resolving the dispute, then the dispute shall be mediated. If mediation is unsuccessful, then the parties may exercise their rights at law.

J. Engineer shall, by sworn affidavit and provision of documentation, affirm its enrollment and participation in E-Verify, a federal work authorization program, with respect to the employees working in connection to the contracted services. Engineer shall sign and submit the affidavit affirming that it does not and will not knowingly employ any person who is an unauthorized alien in connection to the contracted services.

6.01 *Total Agreement*

A. This Agreement (including any expressly incorporated attachments), constitutes the entire agreement between Owner and Engineer and supersedes all prior written or oral understandings. This Agreement may only be amended, supplemented, modified, or canceled by a duly executed written instrument.

7.01 *Basis of Payment—Hourly Rates Plus Reimbursable Expenses*

Using the procedures set forth in Paragraph 2.01, Owner shall pay Engineer as follows:

CJW Tasks		
Task 1.0	Project Meetings/Coordination	$1,268
Task 2.0	Data Acquisition/Field Review	$1,584
Task 3.0	Topographical Survey	$7,028
Task 4.0	Utility Coordination	$2,610
Task 5.0	Preliminary Design (30%)	$10,259
Task 6.0	Geotechnical Analysis	$5,188
Task 7.0	Wetland Delineation	$2,097
Task 8.0	Hydrologic/Hydraulic Analysis	$6,434
Task 9.0	Right of Way / Easements (60%)	$4,032
Task 10.0	Permitting	$2,430
Task 11.0	Structural Design	$4,968
Task 12.0	Final Design Plan (95% & 100%)	$ 8,054
Task 13.0	Environmental	$8,862
Task 14.0	Bidding Assistance	$2,262
	Direct Costs	$1,646
	Roadway/Box Culvert Subtotal	**$68,722**

1. The total compensation for services and reimbursable expenses of this addendum shall not exceed **$68,722.00**

Copyright ©2009 National Society of Professional Engineers for EJCDC. All rights reserved.

7.02 *Additional Services:* For additional services of Engineer's employees engaged directly on the Project, Owner shall pay Engineer an amount equal to the cumulative hours charged to the Project by each class of Engineer's employees times standard hourly rates for each applicable billing class; plus, reimbursable expenses and Engineer's consultants' charges, if any. Engineer's standard hourly rates are attached as Appendix 1.

Alliance WATER RESOURCES®
Professional Water and Wastewater Operations

OUR MISSION

We partner with communities to deliver the finest water and wastewater services available at a competitive price. We are committed to keeping water safe and clean while serving people and taking care of communities with improved technical operations, careful management, and financial oversight, and ensured regulatory compliance.

Alliance Water Resources, Inc.

206 S. Keene St. Columbia, MO 65201

(573) 874-8080

OPERATIONS REPORT – CLINTON DIVISION

APRIL 2025

Wastewater Treatment Plant Operations & Maintenance

- Recorded 8.23 inches of rain
- An average of 2.1 million gallons of wastewater were treated per day and overflowed 18.53 million gallons
- Conducted and submitted monthly and quarterly eDMRs to Missouri DNR
- MODNR inspected facilities and documents and found one violation
- Replaced 100-amp breaker for rotor 2
- Received rental Triton Aerator/Mixer and assembled equipment
- Max Electric arrived on-site with trailer and equipment for WWTP upgrade project
- Replaced the soft start for the east mixer in the east sludge basin
- Preconstruction meeting held with HDR, Garver, Max Electric, and Christy

Collection System Operations & Maintenance

- Conducted 193 sewer line locates
- Fixed leak on effluent pipe inside of South Meadows Liftstation
- Notice of Violation for grease handling was issued to BP Gas Station owner
- Heavy rainfall caused sewer system overflows and liftstation malfunctions

Other

- This month's safety meeting was held on Apr 30th, the topic was Ladder Safety

2025 proposed dates for the sale and discharge of fireworks within the City of Clinton

It is proposed by Fire Chief Mark Manuel that the sale of fireworks from temporary stands within the City of Clinton be permitted from June 20, 2025 to July 6, 2025 between the hours of 9:00 am and 10:00 pm each day.

It is also proposed that the discharge of fireworks within the City of Clinton be permitted from July 4, 2025 through July 6, 2025 between the hours of 9:00 am and 11:00 pm each day.

POLICE
CLINTON, MISSOURI

101 E. OHIO ST.
CLINTON, MO 64735
PHONE: (660) 885-2679
FAX: (660) 885-7096

To: Sergeant Nicholas Smith and Captain Paul Abbott
From: Officer Tyler Bland
Date: 05/22/2025
Reference: Resignation from full-time, and to be placed in reserve status

Dear Captain Abbott and Sergeant Smith,

I am writing this letter to formally announce my resignation as a full-time police officer within the Clinton Police Department, effective 06/01/2025. I have thoroughly considered this decision and believe it is in my best interest to pursue this new career opportunity with another private business in Clinton. I would like to be placed into reserve status as I want to keep up to date with the department and continue to serve the City of Clinton

I want to express my sincere gratitude to the Clinton Police Department for the invaluable experience and knowledge I have gained throughout my career here. The department has provided me with an excellent platform to grow both professionally and personally. Thank you to the City of Clinton for letting me have this opportunity to serve the public to my fullest abilities and be a part of this great department

Respectfully,

Officer Tyler Bland

X

City of Clinton, Missouri

Request for:
(Circle Applicable Request)

Closing the Clinton Square
Parade
Play Street

This form must be completed prior to the approval of any request to temporarily close a street in Clinton to be designated a **Play Street (Sec. 28-12), a Parade** or to **close the Clinton Square**. The City's Public Works Committee will present this request along with its recommendation to the City Council. The Public Works Committee meets on **Tuesday morning at 7:00 a.m., the week prior to a City Council meeting. All completed requests must be returned by the Wednesday prior to the Public Works Committee meeting in order to be placed on their agenda.**

Applicant's Name: Erica Barnhart Contact Number: 660.351.3013

Date/Time for which closure is requested: June 14, 2025 Close by 4am Finished by 11:30 am

Organization requesting street closure: Big Brothers Big Sisters

Description of event: Half Marathon & 5K

Description of closure requested (street from point A to point B, block, and structures in roadway i.e., staging, Central Business District Square etc.):
Close inside loop of downtown square, close Washington St between Franklin and Green St. Close Franklin St from Washington to Center. Please include North/South St that would cross Franklin St. We will staff volunteers at those locations to allow traffic to flow while keeping runners safe.
*would prefer wooden barriers at these locations, have had difficulties keeping route clear with cones.

Note: Proof of a Certificate of Insurance may be required for certain events.

If the street closure is in the Central Business District or affects the usage of a business, the City Council requires input from the Greater Clinton Area Chamber of Commerce (660)885-8166 prior to approving this request.

City of Clinton MISSOURI

AGENDA

Clinton City Council Work Session Meeting
City Hall – 105 E. Ohio Street, Clinton, MO 64735
Friday, June 13, 2025 • 12:00 p.m.

1. Fiscal Year 2025/2026 Budget Work Session

   Focus on broad budget concepts and items that affect all departments i.e. projected revenue, employee step-increases, COLA, insurance. Discuss departmental requests.

Individuals desiring to speak at the meeting are asked to fill out a speaker card and submit it to the Clerk prior to the call to order. Speakers are respectfully asked to limit their comments to three (3) minutes or less. Speakers will be called on to speak during the appropriate portion of the meeting. Please address your comments to the Mayor/Chairman. If you require accommodation (i.e. qualified interpreter, large print, and/or hearing assistance) please notify this office at (660-885-6121) no later than forty-eight hours prior to the scheduled commencement of the meeting.
